Member of The International Ecotourism Society

20 years

Working for **nature**
and **communities** welfare

Our mission

Promote human development on a local and national level through the planning and development of natural resources towards ecotourism and eco-development.

Our vision

Eco-Benin® aspires to a friendly world where each individual is strengthened for his or her social well-being by innovative ways of development of natural resources and creation of sustainable wealth.

Our values

Eco-citizenship; Right to a sustainable development
Solidarity; Responsibility; Accountability;
Commitment; Integrity; Transparency

Our fields of action

Eco-development consulting assistance
Planning and management of ecotourism areas
Social mobilization and training

Our major achievements

> **10,000** hectares of fluvio-marine ecosystem preserved and **60,000 tCO2e** stored per year by the creation of «La Bouche du Roy» protected area
> **100** hectares of mangroves restored
> Fighting illegal fishing through monitoring and law enforcement

> More than **20,000** wanrou cook stoves distributed
> Preservation of **102 858** ha of forest therefore **28,572tCO2e/year** stored thanks to wanrou improved cook stoves
> Adoption of agro-ecological practices by more than **600** women farmers
> Policies improvement in the fight against climate change through advocacy

> **12** eco-villages created
> More than **20** ecotourism tours created and promoted
> Labelling of local accommodation
> More than **1,500** ecotourism contributors improved their incomes by **40 to 300%**.

> Creation of training centres in tourism, hotel business and agro-ecology in Grand-Popo & Abomey-Calavi
> More than **100** savings groups created in the North and the south of Benin in order to empower women
